

The 2011 Women's Business Conference is hosted by the Western Dairyland Women's Business Center, which is partially funded by the U.S. Small Business Administration. We aim to serve those who, because of financial difficulty, wouldn't otherwise be able to afford similar services.

If you are scholarship eligible, you will fall somewhere on the chart below; your registration price is then \$15. If you are above the highest income level you will not be eligible for a scholarship and must pay the full amount of the Women's Business Conference fee (**\$39 if you register on or before March 31, 2011; \$49 from April 1 until April 20, 2011 or walk-in on the day of the event**). If your household income is below the lowest amount, please indicate that right below the household size.

On this chart please find the number of people in your household, and then under the column of your household size, circle your household income. You will fall in between two income levels; circle the higher of the two income levels. For example, if there are 2 people in your family and you make \$16,500, you would circle 2 in household size, then under that column, you would circle \$16,916.50 in row Level 2. If your income was \$17,750 with 2 people in your household, you would circle \$18,387.50 in Level 3. The amount entered at a level is the highest you can make to fall into that level.

My gross (before taxes) household (not individual) income last year was:
